In addition to his 20 years of experience in a wide range of project types from large-scale residential multi-family projects to commercial, religious, senior living and educational projects, Bruce has been actively promoting and incorporating green and sustainable design principles on projects for over ten years.

He received the U. S. Green Building Council's Leadership in Energy and Environmental Design Accredited Professional (LEED AP) status in 2002. In 2009 he received his Green Advantage Certification (GAC). Bruce is licensed in NJ, PA and DC and is an active member in the local chapter of the American Institute of Architects (AIA) and the committee of the environment.

Bruce founded 3volve, LLC in March of 2010 to further his passion for a more sustainable built environment and speaks at several regional industry conferences a year. He co-founded the USGBC Central Pennsylvania Chapter - Berks Lancaster Branch.
